6th Aug '37.
Camp New Delhi.

Your Highness:

I was, for once, a little relieved to receive your kind letter enquiring whether information as to the external affairs one was using departing Your Highness to one of the Commissions of the U.N.O. was here for the last one week and shall be returning to Calcutta tomorrow. That was the reason for the delay in replying. I enclose herewith a note which explains briefly the reasons therefore. I shall be only too happy to give Your Highness all the back-information on the subject.

I am a little more hopeful now than before that the dark clouds are slowly disappearing over Europe and that conditions will be better than what they have been. I trust Your Highness is also beginning to feel the same way.

With my high regards Yours obediently
H Ramaswami Mudaliar
